Objective:

I am a proactive Computer Science Engineering student aspiring to be a Full stack Developer. With hands-on project experience, I bring a robust skill set in UI/UX design and both frontend and backend development, complemented by a quick learning ability. I have successfully enhanced user engagement through user-friendly interfaces, utilizing cutting-edge technologies across the full stack. Eager to apply my skills and contribute to your organization, I am committed to staying updated with industry trends. Thank you for considering my application; I look forward to the opportunity to thrive within your esteemed team.

Work Specific skills:

- Experience with popular frontend frameworks such as React, Angular.
- Responsive design implementation for various devices and browsers
- Using tools like Sketch, Figma, or Adobe XD to create wireframes and prototypes
- Translating user requirements into intuitive and visually appealing designs

Programming Skills:

- Python basics
- Django basics
- React Js basics
- Html, Css
- Javascript

Designing Skills:

- ❖ I have a good Designing skills in
 - UI/UX Designing
 - Wireframing

Proficient Designing Tools:

- ❖ I have a good Knowledge in Designing tools
 - Figma, Adobe XD
 - Adobe Photoshop
 - Adobe Illustrator
 - WordPress

Achievements:

- Finalist in the Hackathon organized by Sri Sai Ram Engineering College, Tambaram.
- Second place in the college Project Expo.

Projects:

Project name: Systematic farming website for farmers

Description:

A website designed to support farmers in their native languages offers comprehensive guidance and information on seasonal and appropriate crops, crop diseases, fertilizers, and farming equipment's.

Technology Used: HTML, CSS, JavaScript, Python, Django, MYSQL

Project name: Ai based Chatbot for College

Description:

A Chatbot meticulously crafted to assist students throughout their college journey by providing access to study materials, semester mark statements, and certificates.

Technology Used: HTML, CSS, JavaScript, Python, Django.

Course:

- Successfully Completed the Ui/Ux Designing by Great Learning.
- Successfully Completed the Graphic Designing Webinar.
- Successfully Completed the Big Data Course by Edureka
- Successfully Completed the Blockchain Technology Course by IBM
- Successfully Completed the Artificial Intelligence Course by IBM

Education Qualifications:

Qualification	College / School Name	Board / University	Mark Percentage	Year of Passing
B.E (Computer Science & Engineering)	Nadar Saraswathi College of Engineering and Technology	Anna University	8.05 CGPA	2020 - 2024
XII	Paalam Matric Hr Sec School	State Board	53.3%	2019 – 2020
X	Paalam Matric Hr Sec School	State Board	73%	2017 – 2018

Declaration:

I hereby confirm that all the details furnished above are authentic and accurate to the best of my belief.
